

FAITHFUL & FRUITFUL: GFM Lived History Experience

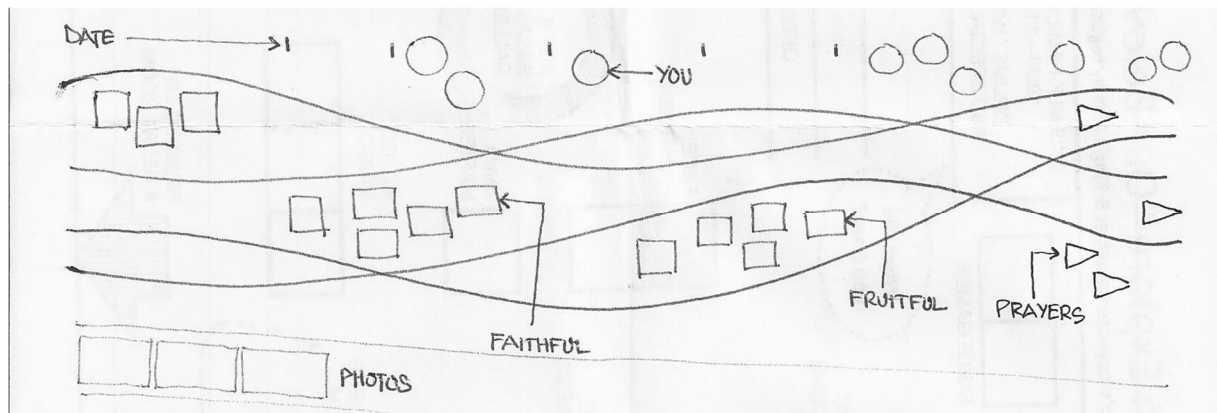

Overview:

The GFM Lived History Experience is a co-created visual story of InterVarsity's Graduate & Faculty Ministry through staff, story, and milestones. You are invited into this experience as an act of collective witness to name the people, movements, and transformation you have participated in over your tenure on staff. This project is only nears completion when each staff contributes their pieces, so that together the display becomes an authentic living history that tells a story back to us, and to incoming staff.

Elements:

Four elements create our GFM Lived History Experience on the Timeline. As you complete each element, please add your name to the back of the sticky note. Each 3" x 3" note can reasonably hold 25-50 words so be clear, concise, and focused on mission.

- **Staff Call** (*Pink*) includes your Name, your GFM start year, and your "Why?"
- **Faithful Conversations & Movements** (*Blue*) note key formational experiences and core conversations that shape this national movement (i.e. genesis of WSAP or BSAP, or MBA)
- **Fruitful Testimony** (*Green*) of God working in the lives of your faculty and students
- **Future Prayers** (*Yellow*) for our campuses, colleagues, and ministry
