  - B. What we Believe (from <http://gfmuiuc.org/pilotproject/>)
    - We believe that God is at work in the lives of our non-believing friends and colleagues at the University.
    - We believe that God wants to use us by coming along side some of these non-believing friends and colleagues in their journeys of faith.
    - We believe that God will use us in bringing some of our friends and colleagues to faith in Christ and so begin a life of discipleship.
  - C. **Discussion for Zoom call participants** – “To what extent do you share these three beliefs and the need for culture change in your fellowships?”
